VENTILATION . AIR CONDITIONING . REFRIGERATION

Principal Cooling Ltd

An Introduction to

Principal Cooling's core business is the design, development, installation, commissioning and maintenance of Air Conditioning, Ventilation and Refrigeration Services within Public, Commercial and Industrial premises throughout the UK, Northern Ireland and the Republic of Ireland. The purpose of this information brochure is to give you an overview of who we are and the added value we provide.

A look at our Company History

Formed 18 years ago, the company has grown from a small Refrigeration service business in Dungannon to a complete HVRAC Limited company working throughout the UK, Ireland and beyond, employing 30 people directly and a further 40-50 project dependant.

A significant proportion of our £6 million turnover is secured through customer referral and negotiated repeat contracts.

Why Choose Us?

We are partners with Europe's leading Air Conditioning and Heat Recovery Ventilation Manufacturers. As a Daikin D1 Partner, Mitsubishi Electric AC Business Solutions Partner, Toshiba Qualified Installer & LG Specialist Installer, we can offer expert installations with full design and technical capability through product specific training and extended warranty offering fast, efficient and friendly service backed by the manufacturer.

As well as being recognised by the market leaders in Air Conditioning we are also Industry recognised. This provides the customer with the reassurance that all our engineers are trained to the highest industry standard.

Summary

At Principal Cooling we are enthusiastic about 'whole design and construction team working', and have the right people who are highly experienced in delivering our part - our desire is to be your partner – simple as that! Through this, we have an excellent reputation for caring about the requirements of end users not just installing building services. Customers testify that Principal Cooling have 'stuck with' their projects, often 'beyond the call of duty' and after any contractual defects period has ended. We have found this results in repeat business.

We believe that our experience, integrity, ability, desire to please, quality, environmental and safety ethos, innovation and customer focus and our robust supply chain makes our team your ideal HRVAC partner.

Thank you for your interest in our company.
